Country Leader 2024 ranking

Electra M&E Poland has been nominated for the “Country Leader 2024” award!

This is an annual ranking, which is an independent comprehensive program to evaluate companies in Poland on the basis of financial and economic indicators. Electra M&E Poland was ranked first among companies specializing in plumbing, heating, gas and air conditioning installations (PKD 43.22.Z).

We are proud that, as one of the leading players in our industry, we support its development in this way and contribute to better and better results. This is the best motivation to take on new challenges and reach even higher!

We would like to thank our customers for their trust, and all Electra M&E Poland employees for your invaluable contribution to our joint success!
